

**COAL INDIA LIMITED
MARKETING AND SALES DIVISION
NOTICE**

Ref No. CIL/M&S/Import Substitution/ 79

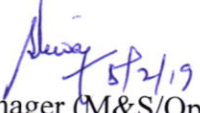

Dated: 05.02.2019

SUBJECT: OFFER OF COAL UNDER IMPORT SUBSTITUTION

(i) This is in reference to the sub-group meeting held on 19.9.2018 and the action plan arrived with the Power plants/PPs after one to one meeting held by Secretary (Coal) and Secretary (Power) for supply of domestic coal to substitute import.

(ii) As decided in the above meeting various power utilities were given the dispensation for supply of coal under Import substitution to meet their shortfall against ACQ (for the FY 2018-19), subject to condition that, an under-taking should be furnished by the power producers/PPs to the effect that they have either stopped import or shall be stopping further import of coal forthwith.

(iii) However, it is learnt that some of the power plants having FSAs with CIL have not utilized this opportunity and are importing coal. Therefore it is again requested that these power plants may apply to the Marketing Division of Coal India Limited, Kolkata, for sourcing of domestic coal as substitute of import by road mode from the sources where coal is available with CIL.
